Dear Ms Jennings:

On **April 22, 2014**, the Division of Licensing and Protection conducted a revisit to the survey of **March 12, 2014** to verify that your facility had achieved substantial compliance with the deficiencies cited at that survey. Based on our revisit, we found that your facility has corrected the deficiencies cited on **March 12, 2014**.

The revisit found additional deficiencies, that constitute no actual harm with potential for more than minimal harm that is not immediate jeopardy as evidenced by the attached CMS-2567 whereby corrections are required. All references to regulatory requirements contained in this letter are found in Title 42, Code of Federal Regulations. This Plan of Corrections needs to be submitted by **May 9, 2014**. All remedies outlined in the letter of **March 27, 2014** may still be imposed.

If you have any questions concerning this letter please contact me at 871-3317.

Sincerely,

A handwritten signature in cursive script that reads "Pamela Cota, RN".
